

CURRICULUM VITAE – KHALED M. EL-WAZAN

PERSONAL INFORMATION	<p>Khaled M. El-Wazan Research and Assistant Lecturer, Mathematics and Computer Science Department, Faculty of Science, Alexandria University, Egypt. <i>Tel:</i> +20 01228068942 <i>Email:</i> khaled_elwazan@alex-sci.edu.eg <i>github:</i> https://github.com/KhaledElwazan <i>Orcid:</i> https://orcid.org/0000-0002-8193-1602</p>
EDUCATION	<p>PhD in Computer Science (2021-Ongoing) <i>Aims and Objectives:</i> Design and implementation of optimization strategies for the development of quantum circuits.</p> <p>Master's degree in Mathematics: Computer Science (Quantum Computations) from the University of Alexandria, Egypt (2015-2018). <i>Thesis advisers:</i> Prof. Ahmed Younes and Prof. Salah B. Doma. <i>Thesis title:</i> <i>Quantum Algorithms for Testing and Learning Boolean Functions</i>. Designing quantum algorithms for finding junta variables in a Boolean function provided as a black-box and learning certain Boolean functions.</p> <p>Bachelor degree in computer science from the University of Alexandria, Egypt (2008-2012). <i>Thesis adviser:</i> Dr. Ashraf Elsayed. <i>Thesis title:</i> <i>Intelligent E-Learning Systems via Means of Computer Vision</i>.</p>
CURRENT AFFILIATIONS	<p>Department of Mathematics and Computer Science, Faculty of Science</p>
JOB EXPERIENCES	<p>2020 March → 2022 Was awarded a funding from the Academy of Scientific Research and Technology (ASRT) for our research project on quantum circuit development and optimization. Our efforts were recognized in the form of publication in a Q2 journal, available at doi: 10.3390/sym13101842</p> <p>2021 Match → Present I have been employed as an assistant lecturer at the Faculty of Science (SIM Program), Alexandria National University in Egypt. My responsibilities include serving as a tutor and mentor to students, distributing assignments, grading papers, meeting with students during office hours, assisting professors in developing course plans, teaching undergraduate courses, and maintaining records of attendance and student performance.</p> <p>2013 July → Present I have been employed as a research and assistant lecturer at the Faculty of Science, Alexandria University in Egypt. My responsibilities include conducting academic research, serving as a tutor and mentor to students, distributing assignments, grading papers, meeting with students during office hours, assisting professors in developing course plans, teaching undergraduate courses, and maintaining records of attendance and student performance.</p>

	<p><i>Courses:</i> Discrete Structures, Structured Programming using C, Object Oriented Programming using Java, Data Structures using C++ , Algorithm Analysis and Design, Computational Complexity, Computer Architecture, Operating Systems Concepts and Design, Compiler Design and Construction, Information Storage and Retrieval, Distributed Systems, Theory of Computation and Multimedia Systems and Applications.</p> <p>2017 July → December 2020 Joined a research group at Alexandria University, Alexandria Quantum Computing Group.</p> <p>2015 February → 2018 July I was employed as a teaching assistant at the Faculty of Engineering, Alexandria University in Egypt. My responsibilities included serving as a tutor and mentor to students, distributing assignments, grading papers, meeting with students during office hours, assisting professors in developing course plans, teaching undergraduate courses, and maintaining records of attendance and student performance.</p> <p><i>Courses:</i> Multimedia Systems and Applications, Switching Theory.</p>
EXTRACURRICULAR ACTIVITIES	<p>2014 October → 2016 August Coached Faculty of Science ACM teams to the final rounds at Egyptian Collegiate Programming Contest (ACM-ECPC).</p>
GRANTS	<p>2020 March → 2022 Worked on a funded research project by the <i>Academy of Scientific Research and Technology (ASRT)</i>, <i>Grand number 6614</i>. Our work was published in a Q2 journal doi: 10.3390/sym13101842.</p>
PUBLISHED PAPERS	<p>Mohamed Osman, and Khaled El-Wazan. "Efficient Designs of Quantum Adder/Subtractor Using Universal Reversible Gate on IBM Q." <i>Symmetry</i> 13.10 (2021) doi: 10.3390/sym13101842.</p> <p>Khaled El-Wazan, "A Quantum Algorithm for Finding Common Matches between Databases with Reliable Behavior," <i>Quantum Information Review</i>, vol. 6, pp. 1-6 (2019) doi: 10.18576/qir/060101.</p>
REPORTS	<p>Khaled El-Wazan, "Measuring Hamming Distance between Boolean Functions via Entanglement Measure ," pp. 1–12, 2019. [Online]. Available: 1903.04762.</p> <p>Khaled El-Wazan, Ahmed Younes and Salah B. Doma, "A Quantum Algorithm for Testing Junta Variables and Learning Boolean Functions via Entanglement Measure," pp. 1–15, 2017. [Online]. Available: 1710.10495.</p>
CONFERENCE CONTRIBUTIONS	<p>Khaled El-Wazan, Ahmed Younes and Salah B. Doma, "A Quantum Algorithm for Testing Juntas in Boolean Functions," <i>One day conference of Quantum Computer and Quantum Information</i>, Faculty of Science, Alexandria University, Egypt, 2016. [Online]. Available: 1701.02143.</p>
TRAINING COURSES AND CERTIFICATES	<ul style="list-style-type: none"> • Ethical Conduct and Code of Ethics (IBCT-FLDC). • Global Databases Usage (IBCT-FLDC). • Research Methods (IBCT-FLDC). • Presentation Skills (IBCT-FLDC).

- Rights and Duties of University Staff Assistants (IBCT-FLDC).
- Experimental Design and Statistical Analysis Systems (IBCT-FLDC).
- Japanese Language Proficiency (JF).

COMPUTER SKILLS

Operating systems Advanced experience with various flavors of Linux, including Arch, Ubuntu, Mint and Debian. Experienced with Microsoft Windows and Mac OSX to some extent.

Servers and databases Proficient in Apache2, NoSQL, GlassFish, MySQL, ESXI Hypervisor, VMWare vSphere, Apache Hadoop and Apache Pig.

Programming, scripting and markup languages Proficient in Python, Bash (used daily) and JavaScript. Familiar with \LaTeX , PHP, HTML, Octave, C, C++, C Sharp, Java SE and EE, Android SDK, Flutter SDK, Nodejs, FORTRAN and Pig Latin.

LANGUAGE SKILLS

My mother tongue is Arabic and most of my writing, including content related to computers on my blog [Quantum Algorithms and Quantum Computations](#)", as well as in my academic and scientific work, is done in English. **Arabic:** Native speaker. **English:** Intermediate level proficiency. **Japanese:** Beginner level (JLPT N5 certified).
